Chapter 1 by WAZUP321

I didn't like this place, not a bit you always have to fight to survive, I was sharpening my spear. Most of them had the advantage higher grounds, guns, a army... I've only got me and my friend were our own army even if we don't have guns or fortress we still pull through.

"I found them!" A man yelled out first we starred at him for long and hard he took a gun out and sprayed the air with bullets. We ran far from him, we ran past a cave I stopped and told my friend "come" we hid in the cave for two hours with heavily armed men running passed a tank took position right outside the cave. We jumped on the tank without it noticing I calmly knocked on the hatch the driver opened the hatch I punched him and knocked him out. I gave the lifeless body to my friend he dragged across deeper in the cave I went in the tank of course there was anther guy so we did the same with him. My friend hoped in the tank and we started engine "Time to punch it"...
